To Whom It May Concern,

On behalf of the Brandon Neighbourhood Renewal Corporation (BNRC), I am writing to express our full support for the Brandon Islamic Centre Inc.'s project to build a new community centre in the Brandon area.

BNRC is an equal opportunity employer that serves and employs individuals from a wide range of cultural, social, and religious backgrounds. Our organization is committed to fostering inclusive, welcoming, and supportive communities where all individuals feel valued and respected. We recognize that access to cultural and religious spaces is an essential component of community well-being and belonging.

The development of a new Islamic Centre will play an important role in supporting newcomers, immigrants, and long-term residents alike by ensuring that spiritual, cultural, and social needs are met. From our experience working closely with diverse populations, we understand that individuals and families are more likely to immigrate, remain in, and actively contribute to a community when they feel their identities and beliefs are acknowledged and supported.

This project will not only benefit the Muslim community in Brandon but will also strengthen the broader community by promoting inclusion, understanding, and social cohesion. A dedicated centre will provide opportunities for connection, education, and mutual support, all of which contribute to a healthier and more resilient city.

BNRC strongly supports the Brandon Islamic Centre Inc.'s vision and efforts to establish this new facility, and we believe it will have a lasting positive impact on Brandon's social and economic vitality.

Sincerely,

Karra Burney
